

Invite Interactions on Public Transit

BEGINNER KIT

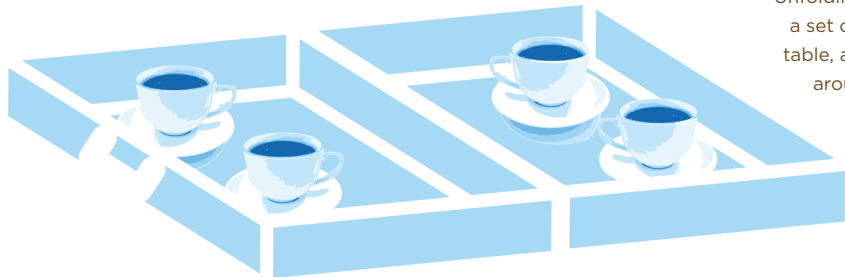

Beginner Kit to Invite Interactions on Public Transit

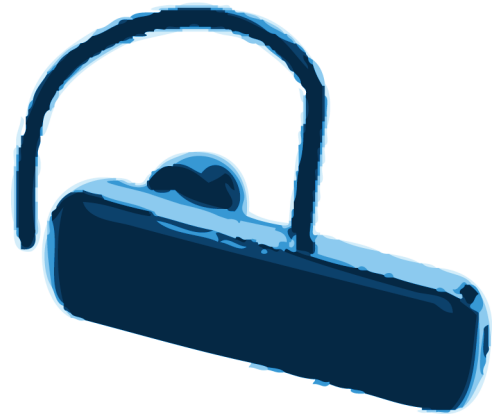

Congratulations on your purchase of this personal space management kit.

PPPP inc. have a long history in providing the highest quality of personal border patrol aids.

For more information on our products, please visit our website: pppp.com

Unfolding the kit suitcase provides a set of teacups and small coffee table, allowing you to invite those around you to a more intimate conversation.

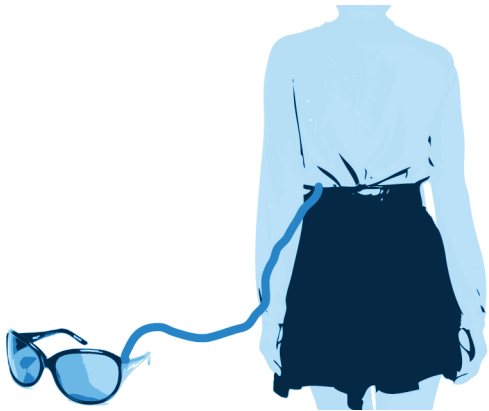

Conversation Topics Earpiece

Listen covertly to trending twitter topics and popular hashtags to help you find relevant topics for conversations.

Hanging Glasses

“Are these your glasses?” Leave a belonging behind to trigger a interaction from the person who returns it.

Smile Holder

A permanent smile on your face will increase the friendliness to other passengers. This device stretches the lips from within to maintain that smile constantly.

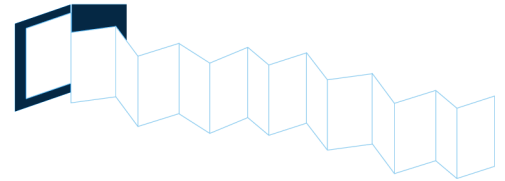

Photo Wallet

Do you struggle when conversations become personal? Maybe it is because your relational connections are lacking. This wallet comes pre-installed with a carefully selected range of interesting family and friends to discuss.
